

Syndax to Host R&D Day Highlighting its Late-Stage Programs and Early-Stage Assets on July 14, 2026

June 1, 2026

NEW YORK, June 01, 2026 (GLOBE NEWSWIRE) -- Syndax Pharmaceuticals (Nasdaq: SNDX), a commercial-stage biopharmaceutical company advancing innovative cancer therapies, today announced that it will host an R&D Day on Tuesday, July 14, 2026, at 8:30 AM ET in New York City. The R&D Day will feature presentations by Syndax's management team and key opinion leaders.

The Company will highlight its late-stage revumenib and axatilimab programs, including its ongoing trials in idiopathic pulmonary fibrosis, newly diagnosed chronic graft-versus-host disease, and newly diagnosed acute leukemia. Further, the Company will detail its new early-stage assets and broader plans to leverage its capabilities and resources to bring new treatment options to more patients.

A live webcast of the event will be available on the Investor section of the Company's website at www.syndax.com, where a replay of the event will also be available for a limited time.

About Syndax

Syndax Pharmaceuticals is a commercial-stage biopharmaceutical company advancing innovative cancer therapies. Highlights of the Company's pipeline include Revuforj® (revumenib), an FDA-approved menin inhibitor, and Niktimvo™ (axatilimab-csfr), an FDA-approved monoclonal antibody that blocks the colony stimulating factor 1 (CSF-1) receptor. Fueled by our commitment to reimagining cancer care, Syndax is working to unlock the full potential of its pipeline and is conducting several clinical trials across the continuum of treatment.
